

"A Teacher's purpose is not to create students in his own image but is to develop students who can create his own image ".

Once again the 5th September was made memorable by **SAROJ EDUCATIONAL GROUP**. Teachers' day was celebrated in honor of **Dr. Sarvapalli Radhakrishnan** ,a great educator and scholar. It was an occasion to acknowledge the commendable dedication of the teachers' towards their students. This day offered every student to express their gratitude and appreciation for their teachers.

A decorative stage was set for the occasion in which lots of students, teachers and guests appeared to enjoy this event.

The function started with the anchor's speech who specially prepared a anchoring script to deliver in front of the guests including Director, HODs, teachers and students.

When all the words failed to express we want to say, poetry has a kind of language that can. It was a beautiful challenge that we could take in any direction, composing an arrangement that speaked to us yet also created discussion among the audience. When we nailed the performance, it's best feeling in the world.

After that, the function moved with the scintillating dance performances by the talented students.

Magic!

Yes, magic, music and masti.

There were formalised types of performances which were put up by the students, which were highly technical with its own vocabulary.

Hereby, the galaxy of intellectual, excellency Director sir was invited to shower his blessings upon the students, which was followed by HODs and teachers.

Last but not the least our seniors came to unleash a breathtaking stage to say few words at the end of the occasion. Before we sign up here we wish you all a very "HAPPY TEACHER'S DAY".
